UNITED STATES  
GOVERNMENT PRINTING OFFICE  
WASHINGTON : 1941

**T**HE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt: "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1923, the prices of the various parts of the Catalog are now as follows:

**New Series, Volume 38  
VOLUME INDEX  
FOR THE YEAR 1941**

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, handbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration". To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper.....	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures and Maps.....	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures.....	2.00
Part 2, Periodicals.....	2.00
Part 3, Musical Compositions.....	3.00
Part 4, Works of Art, Photographs, Prints, and Pictorial Illustrations, including Commercial Prints and Labels used for articles of merchandise.....	2.00

Annual indexes, each, for complete calendar year.....	2.00
All parts for complete calendar year.....	10.00

### **NOTICE**

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright, if requested by such claimant prior to December 31, 1942.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

NEW SERIES, VOLUME 39

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, handbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1942, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1929, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper.....	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps.....	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures.....	2.00

Part 3, Musical Compositions.....	3.00
Part 4, Works of Art, Photographs, Prints, and Pictorial Illustrations including Prints and Labels used for articles of merchandise.....	2.00
Single numbers.....	.50
Annual indexes, each, for complete calendar year.....	2.00
All parts for complete calendar year.....	10.00

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright, if requested by such claimant prior to December 31, 1942.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

LIST OF RENEWALS**

**1942  
NEW SERIES, VOLUME 39  
No. 2**

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, handbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages. "C" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1942, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper.....	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps.....	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures.....	2.00

### NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1942.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

UNITED STATES  
GOVERNMENT PRINTING OFFICE  
WASHINGTON : 1942

THE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration". To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for." Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1942, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper.....	\$3. 00

UNITED STATES  
GOVERNMENT PRINTING OFFICE  
WASHINGTON : 1942

**T**HE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1942, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper.....	\$3. 00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps.....	3. 00

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar, as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1942.

UNITED STATES  
GOVERNMENT PRINTING OFFICE  
WASHINGTON : 1942

**T**HE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. The group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1942, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1942.

LIST OF RENEWALS**

**1942  
NEW SERIES, VOLUME 39  
No. 7**

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, hardbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for," Foreign books in foreign languages. "C" stands for copyright registration, followed by date of publication, and "C 1 c." for 1 copy, followed by date of receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1942, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper -----	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps -----	3.00

## NOTICE

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1942.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

**1942  
NEW SERIES, VOLUME 39  
No. 8**

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, hardbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt. "A ad int," implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1942, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper .....	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps .....	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures .....	2.00
Part 2, Periodicals .....	2.00
Part 3, Musical Compositions .....	3.00
Part 4, Works of Art, Photographs, Prints, and Pictorial Illustrations, including Prints and Labels used for articles of merchandise .....	2.00
Single numbers .....	.50
Annual indexes, each, for complete calendar year .....	2.00
All parts for complete calendar year .....	10.00

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1942.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

**1942  
NEW SERIES, VOLUME 39  
No. 10**

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, handbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1942, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper-----	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps-----	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures-----	2.00

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1942.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

**1942  
NEW SERIES, VOLUME 39  
No. 12**

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, hardbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1942, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper -----	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps -----	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures -----	2.00
Part 2, Periodicals -----	2.00
Part 3, Musical Compositions -----	3.00
Part 4, Works of Art, Photographs, Prints, and Pictorial Illustrations, including Prints and Labels used for articles of merchandise -----	2.00
Single numbers -----	.50
Annual indexes, each, for complete calendar year -----	2.00
All parts for complete calendar year -----	10.00

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1942.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

VOLUME INDEX  
FOR THE YEAR 1942**

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of each monthly issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration". To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1942, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper-----	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps-----	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures-----	2.00
Part 2, Periodicals-----	2.00
Part 3, Musical Compositions-----	3.00
Part 4, Works of Art, Photographs, Prints, and Pictorial Illustrations, including Commercial Prints and Labels used for articles of merchandise-----	2.00
Single numbers-----	.50
Annual indexes, each, for complete calendar year-----	2.00
All parts for complete calendar year-----	10.00

### NOTICE

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

NEW SERIES, VOLUME 40  
No. 1

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, handbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for," Foreign books in foreign languages. "C" stands for copyright registration, followed by date of publication, and "C 1 c." for 1 copy, followed by date of receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper -----	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps -----	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures -----	2.00
Part 2, Periodicals -----	2.00
Part 3, Musical Compositions -----	3.00
Part 4, Works of Art, Photographs, Prints, and Pictorial Illustrations, including Prints and Labels used for articles of merchandise -----	2.00
Single numbers -----	.50
Annual indexes, each, for complete calendar year -----	2.00
All parts for complete calendar year -----	10.00

## NOTICE

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

LIST OF RENEWALS

1943  
NEW SERIES, VOLUME 40  
No. 2

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, handbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages. "C" stands for copyright registration, followed by date of publication, and "C 1 c." for 1 copy, followed by date of receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper -----	\$3.00 -
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures and Maps -----	3.00

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

LIST OF RENEWALS

1943  
NEW SERIES, VOLUME 40  
No. 3

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, handbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for," Foreign books in foreign languages. "C" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper -----	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps -----	3.00

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

1943  
NEW SERIES, VOLUME 40  
No. 4

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, handbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt. ## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

LIST OF RENEWALS

1943  
NEW SERIES, VOLUME 40  
No. 5

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper .....	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps .....	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures .....	2.00

All parts for complete calendar year .....	10.00

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

NEW SERIES, VOLUME 40  
No. 6**

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book," not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper -----	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps -----	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures -----	2.00

All parts for complete calendar year -----	10.00

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

LIST OF RENEWALS

1943  
NEW SERIES, VOLUME 40  
No. 7

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, hardbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper -----	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps -----	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures -----	2.00
Part 2, Periodicals -----	2.00
Part 3, Musical Compositions -----	3.00
Part 4, Works of Art, Photographs, Prints, and Pictorial Illustrations, Including Prints and Labels used for articles of merchandise -----	2.00
Single numbers -----	.50
Annual indexes, each, for complete calendar year -----	2.00
All parts for complete calendar year -----	10.00

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

NEW SERIES, VOLUME 40  
No. 9**

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, handbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps -----	3.00

## NOTICE

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

NEW SERIES, VOLUME 40  
No. 11**

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book," not found in Group 1, including also, however, preliminary reports of court decisions, local directories, handbooks, and other annals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows; "A," Class A, Books; "A for," Foreign books in foreign languages. "C" stands for copyright registration, followed by date of publication, and "C 1 c." for 1 copy, followed by date of receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper -----	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures and Maps -----	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures -----	2.00
Part 2, Periodicals -----	2.00
Part 3, Musical Compositions -----	3.00
Part 4, Works of Art, Photographs, Prints, and Pictorial Illustrations, including Prints and Labels used for articles of merchandise -----	2.00
Single numbers -----	.50
Annual indexes, each, for complete calendar year -----	2.00
All parts for complete calendar year -----	10.00

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

INCLUDING  
LIST OF RENEWALS

1943  
NEW SERIES, VOLUME 40  
No. 12

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt. "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper-----	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures and Maps -----	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures -----	2.00
Part 2, Periodicals -----	2.00
Part 3, Musical Compositions -----	3.00
Part 4, Works of Art, Photographs, Prints, and Pictorial Illustrations, Including Prints and Labels used for articles of merchandise -----	2.00
Single numbers -----	.50
Annual indexes, each, for complete calendar year -----	2.00
All parts for complete calendar year-----	10.00

### NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

BOOKS, GROUP 1

NEW SERIES, VOLUME 40  
VOLUME INDEX  
FOR THE YEAR 1943

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of each monthly issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper -----	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures and Maps -----	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures -----	2.00
Part 2, Periodicals -----	2.00
Part 3, Musical Compositions -----	3.00
Part 4, Works of Art, Photographs, Prints, and Pictorial Illustrations, including Commercial Prints and Labels used for articles of merchandise -----	2.00
Single numbers -----	.50
Annual indexes, each, for complete calendar year -----	2.00
All parts for complete calendar year -----	10.00

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1944.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.
