

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

1941
NEW SERIES, VOLUME 38
No. 1

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON: 1941

THE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration". To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps.....	3. 00

NOTICE

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1941.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, Library of Congress, Washington, D. C.

INCLUDING
LIST OF RENEWALS

1941

NEW SERIES, VOLUME 38

No. 2

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1941

THE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration". To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper.....	\$3.00

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1941.

INCLUDING
LIST OF RENEWALS

1941
NEW SERIES, VOLUME 38
No. 3

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON: 1941

THE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration". To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

NOTICE

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1941.

THE LIBRARY OF CONGRESS
COPYRIGHT OFFICE

CATALOG
OF
COPYRIGHT ENTRIES

PUBLISHED BY AUTHORITY OF THE ACTS OF CONGRESS OF MARCH 3, 1891
OF JUNE 30, 1906, AND OF MARCH 4, 1909

PART 1, GROUP 1
BOOKS

INCLUDING
LIST OF RENEWALS

1941
NEW SERIES, VOLUME 38
No. 4

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1941

THE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, hardbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration". To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages. "@ " stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper.....	\$3. 00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures, and Maps.....	3. 00

NOTICE

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1941.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

PART 1, GROUP 1
BOOKS

INCLUDING
LIST OF RENEWALS

1941
NEW SERIES, VOLUME 38
No. 5

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1941

THE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration". To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

NOTICE

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1941.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

INCLUDING
LIST OF RENEWALS

1941
NEW SERIES, VOLUME 38
No. 6

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1941

THE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration". To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1941.

INCLUDING
LIST OF RENEWALS

1941
NEW SERIES, VOLUME 38
No. 7

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1941

THE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, hardbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

INCLUDING
LIST OF RENEWALS

1941
NEW SERIES, VOLUME 38
No. 8

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1941

THE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration". To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

NOTICE

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

NOTICE is, therefore hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1941.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

OF JUNE 30, 1908, AND OF MARCH 4, 1909

PART 1, GROUP 1
BOOKS

INCLUDING
LIST OF RENEWALS

1941
NEW SERIES, VOLUME 38
No. 9

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1941

THE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration". To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

NOTICE

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1941.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

INCLUDING
LIST OF RENEWALS

1941

NEW SERIES, VOLUME 38
No. 10

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1941

THE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration". To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1941.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. LIST OF RENEWALS

1941
NEW SERIES, VOLUME 38
No. 11

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1941

THE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herdbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration". To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1941.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

LIST OF RENEWALS

1941

NEW SERIES, VOLUME 38

No. 12

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1941

THE Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, handbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration." To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages. "©" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt: "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

NOTICE

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar, as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1941.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

VOLUME INDEX
FOR THE YEAR 1941**

The Catalog of Copyright Entries, Part 1, Group 1, containing the titles for books, was formerly printed three times a week. It is now printed monthly with entries arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address. This group contains mainly the titles of books, including the titles of books registered under the act of March 4, 1909, for ad interim protection. A complete index to authors and anonymous titles of books for the entire year is printed as promptly as possible after the books for the year have been received.

A list of renewals made for books under section 23 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

The Catalog of Copyright Entries, Part 1, Group 2 (monthly) contains mainly the titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, handbooks, and other annuals, etc. Group 2 also contains in two separate alphabets the titles for the entries made for Lectures, sermons, and addresses prepared for oral delivery, and Maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration". To save space in the Catalog the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for," Foreign books in foreign languages. "C" stands for copyright registration, followed by date of publication, and "© 1 c." for 1 copy, followed by date of receipt; "A ad int." implies ad interim copyright registration under the act of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 1, is \$3.00 for 1941, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

Part 1, Group 1, Books proper.....	\$3.00
Part 1, Group 2, Pamphlets, Contributions to Newspapers or Periodicals, Lectures and Maps.....	3.00
Part 1, Group 3, Dramatic Compositions and Motion Pictures.....	2.00

Part 4, Works of Art, Photographs, Prints, and Pictorial Illustrations, including Commercial Prints and Labels used for articles of merchandise.....	2.00

Annual indexes, each, for complete calendar year.....	2.00
All parts for complete calendar year.....	10.00

NOTICE

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1920, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright, if requested by such claimant prior to December 31, 1942.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.
